: Nemo dtd 12 April 1957 from Chief, Monagement Staff, to DD/S re Increese in Compt T/O and RECENTED

Cailing for Machine Records Division

1. In approving the recommendation contained in the above referenced memorandum, the DD/S made the following comment:

"I do not believe that there are three hundred different assential reports made each month. Comptroller should look into this and bring about a reduction."

- 2. I have discussed this matter with Chief of Machine Records Division who claims that all of the "so called" reports are essential. However, I believe that the calling of these listings and tabulations as reports is a mismomer.
- 3. It will be greatly appreciated if you will have your experts look into this matter and advise me of their opinion.
